Communique from Centre Head

2016 brings with it a sense of warmth, joy and anticipation. Let us together make this a year to cherish with unforgettable cherubic memories with our little ones.

December-A time for good tidings and cheer! What better way to bring in the spirit and joy of Christmas. The children of kindergarten welcomed the month of December by showing Christmas means a time to care and share, with their wonderful skit about sharing and songs that spread the message. It was an excellent opportunity for the children to showcase their moral values which they have learnt through the year.

Parent's Corner

While our kindergartners have grown establishing in themselves an independence and a "wanting" to achieve attitude, let us encourage them with activities that not only boost their physical wellbeing but also mental wellbeing.

A good book to read, a visit to a park, some running, lots of cycling, visit to the florist, Grocery shopping to help mamma and cozy family meals are a few weekend activities that can not only foster family bonding but also give a chance for the little ones to express themselves.

Teacher's corner

Energising our kids remains our focus. So everyday let us make things happen their way by adding an element of magic to an otherwise mundane class activity.

Energisers in circle time would be a great way to enthuse our little spirits in class and make the day a fulfilling one.

Recipe for an energizer

2. 1orange
3. ½ a beetroot
4. Honey

Method:

Blend all the ingredients together and hey presto!! Here is your radiant coloured, tasty energizing drink ready! And yes...it is totally organic.
