Communiqué from Center Head

Our goal is to see that every child grows up to be a happy, healthy, and wholesome, holistic approach. Free exploration and interactive sessions are done. We teach them a lot of values and how to face the different challenges of life come what may. Communication is the key to success. Language skills are given utmost importance and a lot of opportunities are given to children to build their sense of self confidence and self esteem.

Parent Resource Corner

1. The best gift that you can give your child is the gift of TIME. Spend quality time with your children, your children will remember the time you have spent with them and the activities and good times that they had together as a family.
2. Charity begins at home, every parent must demonstrate to their child how to help the less fortunate such as feeding the poor, giving alms to the needy, and taking care of an orphan's needs and helping the elderly.

Teachers Corner

Our teachers nurture our little ones from age 3 to 5 years by teaching them good language skills, social skills and problem solving abilities. They teach through the play way method and a lot of games are played, group activities are done, storytelling and teaching is also done through audio and visual aids.

Concepts of Math, English and science is introduced through many teaching aids, oral, writing, activities and a hands on experience.

Words of Wisdom

- 1) Loving a child doesn't mean giving in to all his whims;
To love him is to bring out the best in him, to teach him to love what is difficult and never to give up.
- 2) Always make sure you taste your words before you bring it out.
- 3) Love unconditionally, speak with good intentions, give freely and most of all when you give don't expect anything in return.

Sense of Humour

1. In the math class the teacher asked the student what happened to the plant?
Ans: It grew square roots
2. Why is a math book unhappy?
Ans: Because it always has lots of problems.
3. Two oranges were rolling down a hill, one stopped why?
Ans: Because it ran out of juice
