

GREENWOOD KINDER BUZZ

SARJAPUR, OCTOBER, 2016

Communiqué from the Centre Head, Greenwood High Koramangala, PSAC

All children develop at different rates, however, children between 3-5 years are still developing socially and physically. Proper communication, guidelines and learning through the play method is very important at this developing stage. Teachers should maintain a steady stream of lesson plans to keep their children engaged with appropriate activities related to the curriculum and they should strike a balance between the academics part as well as the co-curricular activities. Parents involvement is very crucial to the child's well being. Giving little chores to the child is very important both in school and from the home front to create a sense of responsibility

EVERY CHILD IS A DIFFERENT KIND OF FLOWER AND ALL TOGETHER MAKES THIS WORLD A BEAUTIFUL WORLD

On November 14, 2016, the air was filled with a buzz as there was excitement! The teachers of Greenwood High were geared up to enthrall the children as it was their special day. The feel in school was like a carnival with a splash of colours of the rainbow. The kindergarten teachers amazed the children with a medley of performances. The programme started with teachers dancing to popular bollywood songs. There was a special performance from 'one move' (the dance teachers) which added to the cheerful ambience. The favorite dance teacher among the KGs, Chris, got the children out of their seats and made them dance along with him.

The highlight of the show was the principal Mr. D'Mello who recited a poem expressing his love for the kindergarten children. Overall, the atmosphere of fun and frolic lasted throughout the day and the children were beaming with laughter and joy as they left.
